For Zh.A. Kiktenko, Director of
HeliRussia International Helicopter
Industry Exhibition

Dear Zhanna Aleksandrovna,

I hereby attach the welcome speech of S.V. Chemezov, Director of Rostec State Corporation, addressed to the guests and participants of the 8th HeliRussia International Helicopter Industry Exhibition.

Appendix on 1 page

Kind regards,

P.V. Shershnev, Deputy Head of the Department of International Cooperation

Dear participants and guests of HeliRussia - 2015 International Helicopter Industry Exhibition,

The International Helicopter Industry Exhibition - major event in the Russian helicopter production - is held in Moscow for the eighth time. Since the first exhibition, companies within Rostec State Corporation have been its active participants.

Currently, HeliRussia covers all areas of helicopter industry - operators, producers and specialists in charge of completing units of helicopters participate in the exhibition. We are pleased to note that the Corporation companies and, first of all, Helicopters of Russia Holding, set the pace at the exhibition.

Today the Corporation is not just a Russian industrial and innovative company. Its companies are at the cutting edge of technical progress, as the world market of high technologies, including helicopter-related ones, shapes a new image of the Russian helicopter industry, facilitates development of international cooperation and fosters new promising projects in the aviation industry as a whole.

I hope all the participants will enjoy exciting and fruitful work and all the visitors will gain positive impressions!

S.V. Chemezov, General Director of Rostec State Corporation
